IBU: 44

"Fresh Sesh' is a purposefully light Session IPA brewed with precision: 100% Cascade hops, a touch of rye for complexity, and a pale body that lets the hop profile shine. At 2.3% ABV, it's subtle, refreshing, and elegantly bitter."

“Earl Grey Ale brings together craft and ceremony. Brewed with a complex malt base and infused with authentic Earl Grey tea, it balances caramel notes with bergamot. Rounded off with delicate french Aramis hops, it's the perfect bridge between kettle and keg.”

Stammwürze: 11.3 °P (OG 1.045)
IBU: 39

"This pale ale is brewed with locally grown lavender, added at the end of the boil, which gives it a slightly reddish hue and a flowery note. Otherwise it would be considered a SMaSH-beer, using only best english Maris Otter malt and Sorachi Ace hops."

"Peaty Blinder blends the intensity of Islay-style peat with oak-smoke-kissed wheat malt and a crisp pilsner malt backbone. A single charge of Bramling Cross hops adds depth without distraction. For lovers of fire, flavour, and fiercely independent ales."

"This Bockbier is a good representation of the beerstyle. Slight esters from the yeast, otherwise rather clean with a slight grainy flavour. Hides the higher ABV quite well and is dangerously easy to say yes to."

“Take a Walk on the Mild Side revives the understated elegance of a classic English dark mild. Brewed with Maris Otter, brown malt and rye chocolate malt, it offers notes of coffee, cocoa, and toasted grain, all in a deeply sessionable 3.1% ABV. Gentle, but never forgettable.”
